

International Exhibition of Automotive Repair Tools, Service Equipment, Spare Parts, Service Tools and Accessories – KAZAUTOEXPO 2023

From October 17-19, 2023, an international exhibition of manufacturers of spare parts, auto components, service equipment, maintenance tools and accessories will be held in Almaty, at the Forum center.

Companies from Kazakhstan, France, Germany, the Czech Republic, Russia, Belarus, Turkey, Kyrgyzstan and China will take part in the Exhibition and will demonstrate the best examples of their goods and services.

The purpose of the exhibition is to create a unified platform for establishing business contacts necessary for the development and promotion of companies.

The rich exhibition program will allow specialists and interested parties to discuss a wide range of professional topics and hold discussions with colleagues.

Visitors: Managers, purchasing specialists and representatives of wholesale companies, retail chains and showrooms, representatives of car services, government. structures and organizations, distributors and other industry professionals, the final buyer.

On October 17-18-19, seminars from key speakers will be waiting for you; the topic of the seminars can be found on the website in the business program section
